

all about comfort

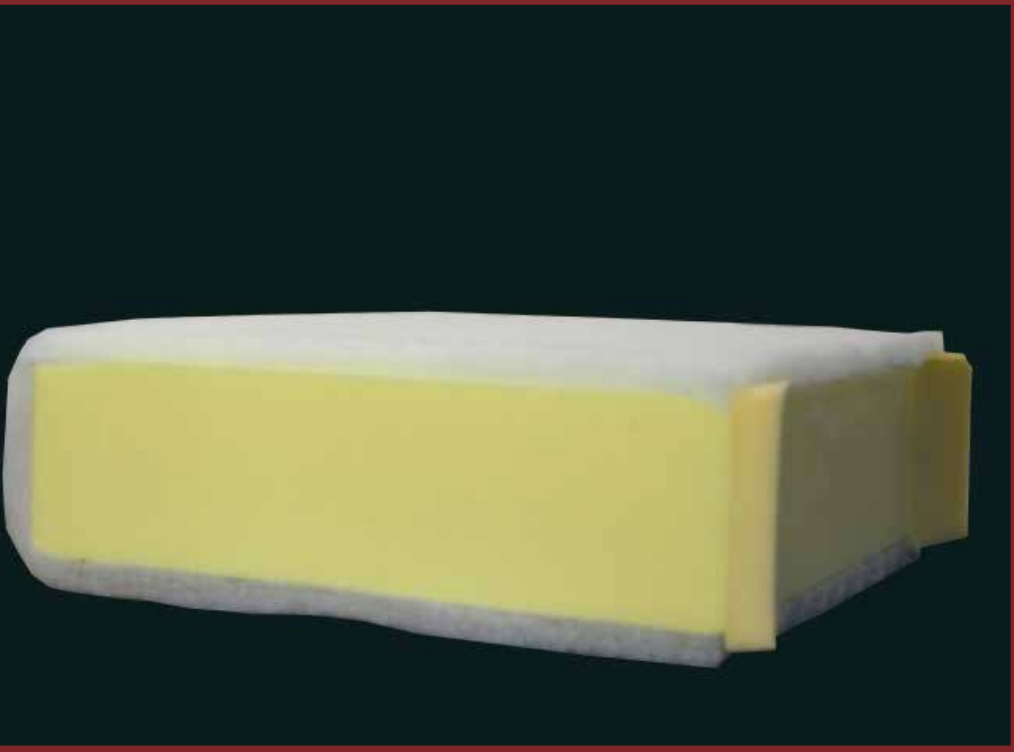

The Marshfield Advantage

STANDARD *

DACRON WRAPPED
HIGH RESILIENCY CUSHION

- Moderately soft yet supportive quality seating.
- A premium high resiliency foam center wrapped with premium fiber. The STANDARD cushioning is intended for the consumer who desires a comfortable seat that will hold its shape and requires little maintenance.
- STANDARD cushion seats should be reversed regularly to maintain shape. STANDARD on all - unless noted otherwise.

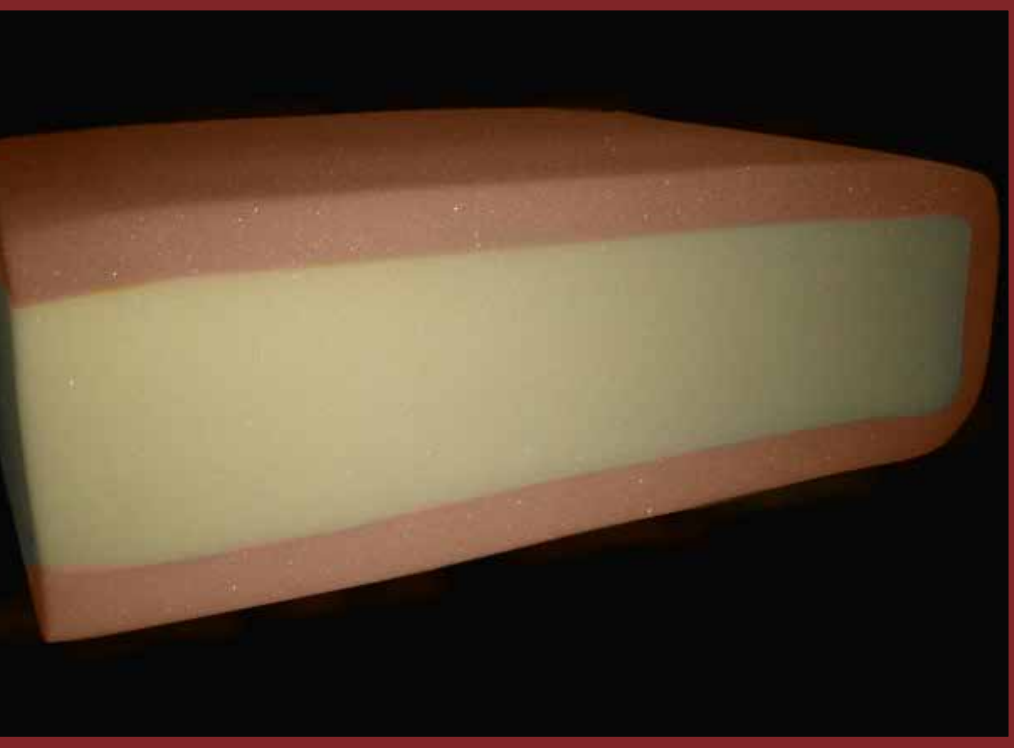

EXTRA FIRM *

DACRON WRAPPED
HIGH RESILIENCY CUSHION

- This comfort choice offers a solid, firm feel with a high degree of support.
- A layer of premium fiber wraps the EXTRA FIRM Cushion core for immediate comfort. For those consumers who desire a firmer seat.
- EXTRA FIRM cushions should be reversed regularly to maintain shape.

ADDITIONAL CHARGE APPLIES

COMFORT PLUS *

- A firmer core with a plusher comfort level. Foam core is wrapped with an additional layer of soft, premium foam. This core is wrapped in muslin cover (not pictured). COMFORT PLUS is intended for the consumer desiring a firmer but plusher level of cushion comfort.
- COMFORT PLUS cushions should be reversed regularly to maintain shape.

ADDITIONAL CHARGE APPLIES

DOWN-FEATHER CLOUD *

- A relaxed, softer cushion. Comprised of a solid foam core wrapped in a blend of down and feather - all encased in a down-proof ticking.
- Casing is baffled so feathers retain shape. CLOUD cushions should be reversed regularly to maintain shape. Wrinkling can occur with most fabrics due to the softer cushioning.
- CLOUD is standard in most leather styles. See sales associate for details.

ADDITIONAL CHARGE APPLIES

* LIMITED LIFETIME WARRANTY
